LUXURY OUTDOOR LIVING

ARBORS DIRECT®

WELCOME TO LUXURIOUS OUTDOOR LIVING

Arbors Direct® is a manufacturer of premium Outdoor Living products. Our Mission Statement is to help our customers develop their outdoor spaces with a higher level of gracious living that encourages their family and friends to spend more time outdoors. Our hand-crafted, highly-customized products range from Pergolas and outdoor structures, to entry Arbors and trellises to Privacy Screens and other outdoor accessories. Products are made from load-bearing Fiberglass, which means they stand up to weather and direct sunlight better than wood or metal structures, are low-maintenance and are internally hollow, which allows for electrical wiring and low-voltage cables to be pre-strung, opening up limitless outdoor entertainment options for the end-user.

WHY CHOOSE ARBORS DIRECT?

CUSTOMIZATION

Arbors Direct has been helping people build spaces to enhance their Outdoor Living experiences for decades. During that time, we have learned that no two spaces are the same, which is why such a large portion of our business is crafting custom products. We pride ourselves in helping people specify the ideal product for their space, large or small. We are not a “cookie cutter” product company, and that makes us very unique in this space.

MATERIALLY BETTER

Arbors Direct is a manufacturer of premium quality products for the Outdoor Living space located in Troy, Alabama. We manufacture using a durable Fiberglass material, which performs better than wood or metal outdoor structures over time for many reasons. Fiberglass is inherently water-resistant (it’s used to make bathtubs and showers after all), weathers all four seasons extremely well and it requires little annual maintenance. Wood will check, crack and rot over time and needs to be routinely re-painted or re-stained to keep its original appearance. Metal can rust and deteriorate in the heat of summer and cold of winter and has a shorter replacement cycle. Less routine maintenance means more time enjoying your new Outdoor Living space.

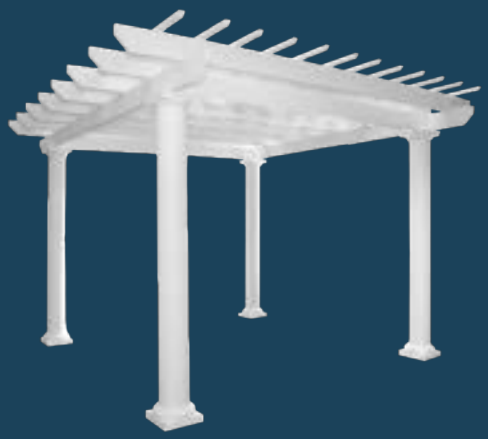
CUSTOMER EXPERIENCE

At Arbors Direct we focus on a singular level of quality that extends well beyond our product and manufacturing processes. We also pride ourselves on a high level of customer service and support along each step of the way. From custom drawings to phone consultations with actual human beings at the factory, we provide a turnkey approach to each and every project we work with you on. Simply put, the Arbors Direct experience is just better.

PERGOLAS

Create a Space that Elevates your Outdoor Living Experience

We offer a multitude of Pergola options, all crafted from our durable Fiberglass materials and all backed by an industry-leading warranty. Getting started is as easy as envisioning the space of your dreams, and with Arbors Direct the options have essentially no boundaries.



FREESTANDING PERGOLAS

Freestanding pergolas quickly transform your space into luxurious space, opening up a multitude of design options. From modern to traditional, Arbors Direct structures will help you to bring in all of the comforts of the home to the outdoors. Entertain friends and family with an outdoor kitchen space, watch the big game on TV, cuddle up beside a cozy hearth or enjoy the quiet with a good book.

ATTACHED PERGOLAS

Attached pergolas are a great way to expand the space you already have by attaching to the home, garage or other structures. Extend spaces like patios, decks or porches to create convenient outdoor living spaces that will create immediate appeal and added usable square footage and will have fast access to outlets and a quick power supply.

SOLACE® MODERN PERGOLAS

Custom Color Options

Illumination Available

Featuring a streamlined, geometric design the Solace Modern Pergola has become one of the most popular products in our offering. Blending in backyard design themes from Modern to Transitional, this customized structure is crisp and clean. Solace features optional, customized factory-positioned louvers that can “shape” sunlight in specific angles to create a truly unique space throughout the day and built-in LED lighting to illuminate the evenings.

RAFTER TAIL OPTIONS

NAPA (Standard) | Craftsman | Contemporary | Windsor | Spartan | Kensington | Roman

The Tranquility Traditional Pergola is an enduring design that complements all projects and backyard styles. Sturdy and crafted from weather-resistant fiberglass, the number of options available make each structure a truly unique creation. Starting with your choice of round or square Pergola legs, seven stylish rafter tail options, custom purlin spacing, LED lighting and so much more, it is a great way to build the outdoor oasis of your dreams.

Illumination Available

TRANQUILITY® TRADITIONAL PERGOLAS

SERENITY® SIMPLE PERGOLAS

The Serenity Simple Pergola is easy to specify, made from our structural fiberglass components so it is a strong solution for customers looking for more of a plug-and-play option for backyard structures. These Pergolas are available in several free-standing sizes and ship as easy-to-install kits with either round or square legs. They ship from Arbors Direct in white, but can easily be repainted in the field or in the future in any color that is desired.

PRIVACY SCREENS

Featuring the same durable construction components and materials as our Pergolas, Arbors Direct Privacy Screens are an ideal way to create visual barriers and adapt privacy into your outdoor areas. Perfect for swimming pools, multi-family applications, barriers for backyard dining, masking waste receptacles and making difficult neighbors a bit more tolerable, these structures are high-performance and low maintenance.

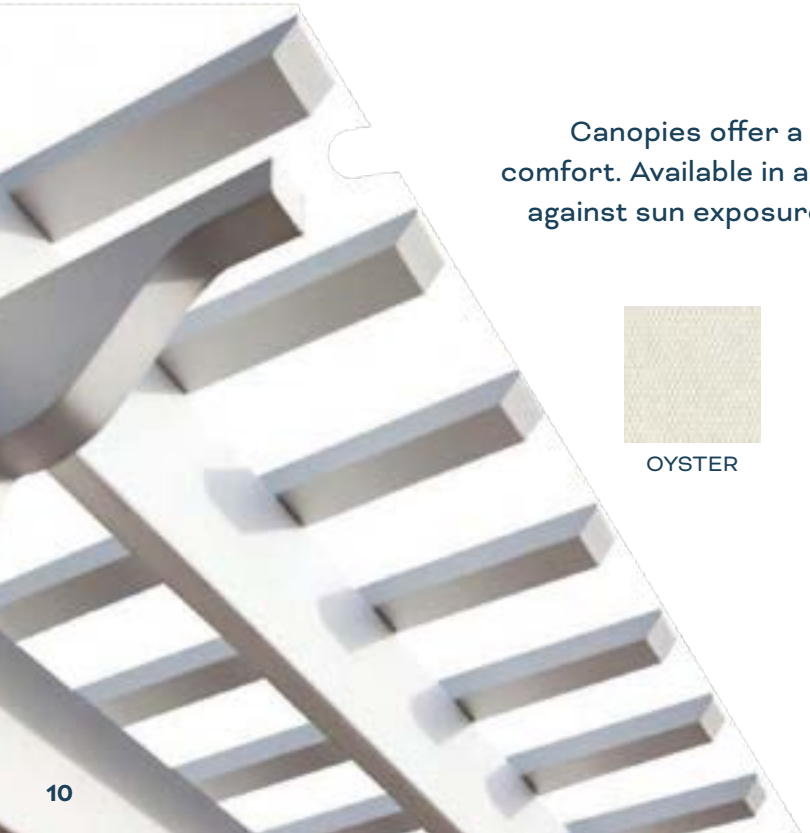
ENTRY & GARDEN ARBORS

From formal entries to garden areas, our entry arbors are an easy, affordable way to stylize your space and create charm. Used in large communities as elaborate entries, in multi-family projects and for outdoor living spaces, they are easy-to-assemble and have very low maintenance.

GARAGE EYEBROW TRELLISES

Designed to complement the architecture of your home, business or building, Garage Eyebrow Trellises are a great way to add a functional design element that also filters sunlight. These ever-popular products are available in standard sizes or can be customized.

OUTDOOR LIVING ACCESSORIES



SOLID COLOR CANOPIES

Canopies offer a sleek, timeless look that provide reliable shade and comfort. Available in a variety of color options, the material helps protect against sun exposure and the elements. These canopies are a practical and stylish choice for any outdoor space.

OYSTER | BEIGE | TRUE BROWN | MARINE BLUE | OCEAN BLUE

MOR-SHADE® PURLIN

Arbors Direct offers customizable Purlin options, which means you control the profile and can increase the amount of shade provided and complete your desired look.

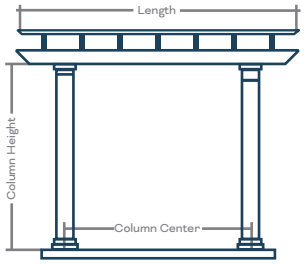
GETTING STARTED

With a reputation spanning decades for exceptional quality, innovative products, and excellent customer service, Arbors Direct is a leader in the Outdoor Living industry. However, with so many great options available, the process can sometimes feel overwhelming. Luckily, Arbors Direct has you covered with our nationwide network of business partners, so the space of your dreams is just a click or a call away.

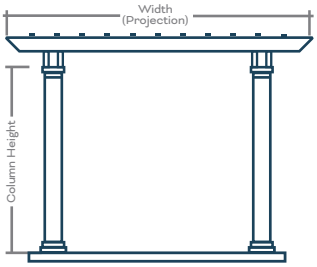
MEASURING YOUR SPACE

UNDERSTANDING PERGOLA DIMENSIONS - LENGTH X WIDTH (PROJECTION)

FREESTANDING PERGOLAS

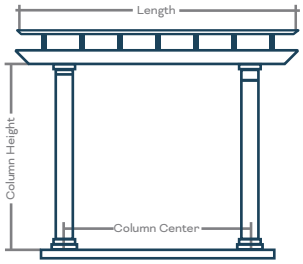


Front View
Beam / Structural rafters run the length of the pergola.

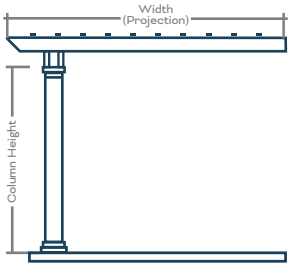


Side View
Rafters run the width (Projection) of the pergola.

ATTACHED PERGOLAS



Front View
Ledger runs length of pergola.



Side View
Width (Projection) of the pergola top projects from the structure.

NOTE: Pergola sizes are described as length x width as shown in the examples above.

PARTNERING WITH A PROFESSIONAL

In building the Outdoor Living space of your dreams there are so many factors to consider along the way. One great way of getting started with your Arbors Direct professional is determining how you intend to utilize your space. They will assist you in considering sun direction, predominant wind directions, the total size of your space, the closest tapping point for electricity, water and other utilities and many other decisions needed for the ultimate experience.
